

Vote for Oliver and the Railway.

The Opposition Press and speakers are declaring that the purpose of the Opposition if returned to power is to construct a transcontinental railway owned and operated by the Government.

The basis of this supposed project is the resolution introduced by Mr. Borden in the House of Commons in the closing days of the late session.

But the Opposition speakers steadfastly ignore all challenges to read this resolution from the platform.

The reason is that this resolution, according to the Hon. John Haggart does not bind Mr. Borden or his party to construct and operate a Government Railway, transcontinental or otherwise.

Mr. Borden has never, in speech or resolution, in the House or out of it, bound himself for his party to construct and operate a Government road.

E. B. Osler, Hon. John Haggart and Sir MacKenzie Bowell are not championing the cause of Government ownership, but they are the men from whom Mr. Borden's cabinet would be formed.

While the imported spell-binders of the Opposition candidate are carried on their missionary tours in C. P. R. private cars the electors are justified in considering their orations on Government ownership in the light of attendant circumstances.

TO REPUDIATE THE G. T. P. BARGAIN IS TO DROP THE SUBSTANCE AND GRASP AT A SHADOW.

AT THE CHURCHES

College avenue Methodist church.—The pastor, Rev. C. M. Huestis, will preach in the morning. The subject will be the second of the series — "How to make the Bible more real" — namely, "The stories of the Bible." In the evening the Rev. Dr. Chown, of Toronto, chief of the department of temperance and moral reform, will preach. Dr. Chown will also address a mass meeting at 4.15 in the afternoon in the church, on "Politics in Canada."

Kinistino avenue Methodist church.—Dr. Smith will speak in the morning and Rev. F. W. Cox in the evening. Sunday school in both churches at three in the afternoon.

The services in the Presbyterian church to-morrow morning and evening will be taken by Rev. D. G. McQueen.

Pastor McDonald will conduct the services in the Baptist church both morning and evening. The subject of the evening address will be, "Religion and Citizenship."

AT THE OPERA

The Beggar Prince Opera Company scored another success at the Opera House last evening in their presentation of the comic opera *Gioffio-Gioffia*. The hall was only fairly well filled, the assembly hall doubtless keeping a large number away that would otherwise have been present. Judging from the applause those present thoroughly enjoyed the opera. The characters were all well up to the mark, and their costumes were good. Miss Palmer appeared to great advantage as *Gioffia* and *Gioffio*, the twin daughters of Don Bolero, a grandee of Spain. Miss Palmer is a great favorite with the audience. Her acting is bright and vivacious. Mr. Wade, as Don Bolero, took a very difficult part, and took it creditably. The funny situations in which he found himself caused much amusement and he was greeted with well merited applause. G. Byrd Bront played the part of Prince Mourzouk, betrothed of *Gioffia*. The portrayal of Prince Mourzouk, the rude, rough and half civilized scoundrel, is no easy task, but Mr. Bront left nothing to be desired in his rendition

of it. It is not by any means a popular part to play, and still it is a part around which much of the opera centered. Frank Walters was splendid as *Marasquin*, the betrothed of *Gioffio*. Pedro, the cook, and Gertrude Hutcheson, as *Paquita*, the maid, played their parts effectively. The former's songs were greatly appreciated. The other characters took their parts well.

The company conclude their present visit to Edmonton this evening, when they present the Beggar Prince, said to be their best opera.

CLOVER BAR MEETING

At Clover Bar school house last night there was a large attendance to hear the issues of the election discussed. The meeting was called by Mr. Oliver. He was accompanied by Dr. Forin. Mr. Secord was represented by Messrs. Bishopric and Taylor. Mr. Isaac Dost was elected chairman. The order of the speaking was—Oliver, Bishopric, Forin, Taylor and Oliver. The deepest interest was manifested and excellent order was preserved. A number of ladies were present.

POPULAR LAKE MEETING

There was a small attendance at Mr. Secord's Popular Lake meeting last night. Mr. Secord opened the meeting with a short address, in which he gave the announcement that if elected he would try to do as well for the district as he had done for himself. Dr. McInnis followed in support of Mr. Secord. His statements brought out several very emphatic contradictions. He was followed by Mr. John McLennan, speaking on behalf of Mr. Oliver. Mr. Wright closed the meeting with an attack on Mr. Oliver's record in parliament. The meeting closed in silence.

MEETING AT STONY PLAIN

A meeting to discuss the questions of the day was held in Stony Plain, centre school house last night in the interests of Mr. Secord. The speakers were Messrs. Moran, McKinnley and Daley for Mr. Secord, and Dr. Scholte and J. H. Howey for Mr. Oliver. The meeting was fairly well attended, nearly a hundred being supporters of Mr. Oliver.

HORSE BREEDERS' ASSOCIATION

Last year an attempt was made to organize an annual Territorial auction sale of horses along the lines of the purebred cattle sale held annually at Calgary, which has proven so successful. After consulting the majority of the large breeders in the Territories, it was found that some objection existed to putting their horses up for public sale. The opinion seemed to prevail that while selling purebred cattle by public auction might be entirely feasible, owing to the fact that an inspection of the animal, coupled with the reading of the pedigree, in the catalogue, would generally convey all the information the average buyer would require, the case is entirely different with horses. The amount of labor that has been devoted to handling and educating a horse is an important item and can best be explained by the owner himself.

It is, however, conceded on all sides that the breeding of horses ought to be one of the leading industries of the Territories, and also that the difficulty in obtaining a satisfactory cash market, at least for the lighter classes of horses, is one of the most serious obstacles under which the industry is at present laboring. Under the circumstances, the directors of this association, at a meeting held recently, had another plan under consideration which it is believed will fully meet the case. Arrangements have now been completed for the holding at Victoria Park, Calgary, in the third week in March, 1905, a three days' "horse fair," under the auspices of the Association and the Dominion and Territorial Departments of Agriculture. This event will be thoroughly advertised in Eastern Canada, Manitoba and the Territories, and not the slightest difficulty is anticipated in gathering

buyers enough to absorb all the horses entered for the fair. Over one hundred horses are already in sight, and every effort will be made to have at least three hundred horses on the grounds.

The desire is to offer free transportation to Calgary for all horses entered for the sale, and free return transportation in any case where the owner failed to make a sale.

The question of the extent to which horses should have been handled to admit them to entry for the fair has been fully considered. A horse is useless until he is broken and ready for work.

Undoubtedly unbroken horses have been sold satisfactorily in the past and probably will be in the future. But is it reasonable to suppose that a buyer will pay as much for a horse in the rough as he would for one fairly well broken and ready for work? Let us break our horses before offering them for sale and get all the money that is in them. No one will dispute that it is very desirable that all horses offered should have been handled. The more they have been handled, the better the price will undoubtedly be. Owners who are able to show their horses under saddle or in the front of a wagon, will, certainly obtain a higher price than they cannot. While the association will not this year insist upon horses being entered subject to a guarantee of being quiet to ride and drive, no horse will be accepted for entry that will not lead quietly, or is not, at least, stable broken.

An entry fee of \$1.00 per head will be charged and a sale fee of \$2.00 for animals disposed of. A charge for hay and accommodation of 25c per head per day will also be collected.

The Horse Breeters' Association has now been in existence for some years and has been very active in promoting the interests of breeders throughout the Territories.

Blair's Position

Ottawa, October 24.—It will take Hon. A. G. Blair a couple of weeks to dispose of the cases which he has under consideration at the railway commission board. He is preparing judgments and clearing the slate of all the applications which have been heard. Mr. Blair returned at noon to-day from Montreal, and was particularly busy. The report that he was to take the stump at the invitation of the Conservatives who appear to be in desperate straits for a leader, was announced in this correspondence already, on the authority of Mr. Blair, as being entirely without foundation. Almost a week has elapsed since then, and Mr. Blair has no more intention to-day than he had then to be stumping, and should he do so, the opposition would get cold comfort from his words. He is at one with the Laurier Government in all questions except the railway, and on that matter he is to use his own words alone. The Tories are acting silly in their overtures to Mr. Blair, who has no desire to do anything that would embarrass the Government, and assist a party with which he does not agree upon any of the issues of the day.

Hon. Mr. Blair was asked today as to the truth of the rumour that he had withdrawn his resignation, as stated by La Patrie, and replied, "I have not withdrawn my resignation as chairman of the railway commission, nor do I intend to, and I have authorized no one to make a statement to that effect."

Premier Travels in State Over C.P.R.

Plaid dealer, Not one word can be said against the integrity of the Premier of these Territories, but the fact of men going into bad company sometimes. There is rather a significant story going the rounds concerning Premier Haultain's present campaign trip through the Alberta constituencies. At Calgary the Premier was invited by the C. P. R. to occupy Private Car No. 33 for his northward journey and he innocently accepted the invitation and all went well until Red Deer was reached when he and the C. P. R. realized that they were in the enemy's country. The Conservative party leaders at Red Deer were horrified at seeing their campaign champion travelling in C. P. R. state and implored him to desert the private car and travel with the common people. Recognizing that their advice was timely he promptly accepted it and No. 33 went back to Calgary.

THE PUREST FANCY

BALFOUR RIDICULES EXPLANATION

Great Britain will not Tolerate such Fool Actions as Russia's North Sea Blunder and such Fool Explanations.

BALFOUR'S STRONG WORDS.

London, October 28.—Premier Balfour to-day said it was incredible that a fishing fleet could be engaged in hostile operations and ridiculed the idea of a torpedo boat attack. The Russian fleet was thirty miles out of its course and it was absurd to suppose that the commander of the alleged torpedo craft would choose a fishing fleet for a position for attacking the squadron. The Premier did not believe in the Japanese torpedo boats and said that the nearest Japanese warship was 14,000 miles away. Such a story as that told by the Russian admiral was the purest fancy. The Premier hoped the truth would be made manifest and clear at noon to-day when the inquiry which the Russian Emperor welcomed took place. The Russian government had not at any time underrated the gravity of the crisis or failed to do what it could to diminish it. Recklessness or indifference to cruelty ought to be avoided by every man who had the interests of civilization or his own conscience at heart. It could not for a moment be supposed that throughout all the channels of commerce from St. Petersburg to Vladivostok and the narrow ways of commerce like the English channel and the Red sea an admiral of another power should be allowed to pass under such circumstances unchallenged and unpunished after such a deed as that of the night of October 21st.

GREAT BRITAIN WILL NOT TOLERATE IT.

It would be a position which it would be impossible for Great Britain as a neutral power to tolerate. Since the Russian government has promised to make an inquiry and has ordered the detention of part of the Russian squadron at Vigo, the Russian version of the occurrence of the night of October 21st was equivalent to an attack on Great Britain's national honor. The torpedo boats spoken of by the Russian admiral were phantom ships, creatures of pure fancy against which Mr. Balfour made of a most emphatic protest. He was glad to say that the Russian government has agreed with Great Britain regarding the necessity for an investigation. The responsible officers would not be permitted to proceed to the far east and the persons found guilty would be adequately punished. In agreeing to these things Russia had taken the view which commended itself to every civilized nation. Russia has given a pledge that she would prevent a recurrence of the tragedy which filled British hearts with sorrow and the hearts of most men with indignation. The Russian ambassador had authorized the statement that the Russian government on hearing of the North sea incident at once expressed profound regret and the Russian Emperor telegraphed to the King in similar terms. The Russian government had also promised the most liberal compensation. The Russian government had shown an enlightened desire that truth and justice in this matter should prevail. The entire facts must be brought out at the investigation which Mr. Balfour pointed out would be made by three distinct bodies, first by the international commission; second, by the board of trade inquiry; and third, by the coroner's inquest.

Whoever, then, who does not wish for any railroad, may be content to vote Conservative.

THE EARLY DAYS

The following items clipped from the pages of the Saskatchewan Herald, Battleford, of thirty years ago, are taken from the Edmonton correspondence to the Herald dated October 20th, 1870.

The harvest has all been got in with glorious weather, but our solitary thresher is making slow headway, and it will be late before Smith gets around to everybody.

Potatoes are a troublesome crop this year. Dr. Veay experienced it. He planted eight bushels, expecting to get a hundred, but he had to go to work and make room for over three hundred. Wm. Rowland dug three hundred bushels of them, and is around hunting up Indians and his neighbors' pigs to pick up and her hundred be left on the field.

The Sturgeon River mill is in full running order, and the company is prepared to enter into contracts for the delivery of flour in quantities from a hundred to a thousand bags at Edmonton at \$8 per hundred pounds for wheat flour, and \$5 for barley flour.

MARKETS

Butter—From twenty to twenty-two cents per pound is paid for butter. Choice prints bring twenty-five cents a pound.

Eggs—There is a strong demand and increasing demand for good fresh eggs at twenty-five cents a dozen.

Potatoes are offering in large quantities. From twenty-two to twenty-five cents a bushel is paid.

Hay—Large quantities of hay are offering. From six to nine dollars a ton is paid. Timothy brings eleven dollars a ton.

Oats—From twenty-six to thirty cents per bushel is being paid. Deliveries are tight yet.

Wheat—Very little wheat is being delivered, but what is now in is of a good sample. It brings from seventy-five to eighty-five cents per bushel.

Pork—From 31-2 to 33-4 cents per pound is paid for pork. There is a very large demand for it.

ABSOLUTELY UNSHRINKABLE

We Guarantee It.

Every garment, bearing the Stanfield label—no matter what its price—is absolutely unshrinkable. We guarantee it, and back up that guarantee with "money back if it shrinks."

Stanfield's Unshrinkable Underwear

Fits like a new skin—fits every part of the body—is warm, snug, and comfortable. Made of the famous Nova Scotia wool—in all weights to suit all temperatures from Halifax to the Klondyke. Insist that your dealer gives you Stanfield's—the underwear that will not shrink.
